- Add the result from the drop down menu and complete the runs, wickets, overs etc.

The screenshot shows the match setup interface on the play-cricket.com website. On the left is a sidebar with links: Help Guides, Manage Member Forums, Admin Forums, and Reports. The main area contains match details. At the top, there are dropdown menus for Umpire2, Scorer1, Scorer2, Umpire3, and Match Referee, each with an 'Add' button. Below these is a 'Result' dropdown menu, which is circled in red and shows 'Uphill Castle CC - Castle Thunder'. Underneath, there are two team sections: 'Winscombe CC - Under 19' and 'Uphill Castle CC - Castle Thunder'. Each section has a 'Home' radio button, a 'Won Toss' radio button, a 'Batted First' radio button, a 'Penalty Points' input field, and a table with columns: Runs, Wickets, Overs, Scheduled Overs, and Revised Target. For Winscombe CC, the values are 116, 10, 14.4, 20.0, and an empty field. For Uphill Castle CC, the values are 217, 5, 20, 20.0, and an empty field. At the bottom of the main area is a 'Highlights' text area. In the bottom right corner are 'Save' and 'Cancel' buttons.

- Click on 'Save' in the bottom right hand corner.

5.2 Confirm the playing squads for both teams by using the tabs at the top of the page.

- Select players from the squad on the right hand side.
- If a player's name does not appear, you can 'Search for Player' and then add them if necessary.
- Click save and repeat for other team. You must confirm both teams first before the scorecards will appear.

5.3 Using the final tabs at the top, complete the scorecard with batting and bowling figures for both teams.
