Clothing and Equipment Regulations – First Class County Competitions

1 General

1.1 The Clothing and Equipment Regulations, (the ‘Regulations’) set out the rules of the ECB governing, and the procedures applicable to, the control of insignia on the equipment and clothing of Cricketers who play in matches authorised and designated by the ECB as First Class and Limited Overs County Cricket.

1.2 In these Regulations the following terms shall have the meanings here attributed to them:

‘Clothing and Equipment Regulations Panel’ – means the panel made up of three members of the ECB and a minimum of two County representatives. The Panel will be chaired by an agreed Senior County Representative. Panel representatives will be confirmed by 30th November of each year.

‘County Mark’ – means the trade mark or name owned by a Member of the ECB and used as its emblem and/or for marketing purposes.
‘Commercial Mark’ – means the trade mark or name of:

a. company or commercial organisation (for example, a sponsor) other than the trade mark, name or house colours of the manufacturer of the cricket clothing or equipment concerned; or

b. the manufacturer of the cricket clothing or equipment concerned only where that manufacturer itself is acting as a sponsor.

‘Competition Mark’ – means the mark identifying the competition e.g. Vitality Blast and Royal London One-Day Cup.

‘Insignia’ – means Commercial Mark, Manufacturer’s Mark and County Insignia.

‘Limited Overs Matches’ – means the Vitality Blast and Royal London One-Day Cup competitions.

‘Manufacturer’ – An entity which is carrying on a business engaged in either manufacturing or procuring the manufacture of cricket equipment and or cricket clothing of the type in question and supplying it to a Cricketer or on a commercial basis for sale to members of the public.

An entity not otherwise within this definition shall not be a Manufacturer for the purposes of these Regulations by reason of its being associated in business with, or a company in the same group of companies as a Manufacturer.

‘Manufacturer’s Mark’ – The trade mark, symbol or name used by a Manufacturer to identify to members of the public the article of cricket equipment or cricket clothing in question as an article which has been supplied by that Manufacturer for sale as stated above.

‘Member of the ECB’ – shall include the First Class County Cricket Clubs, the Marylebone Cricket Club
(‘MCC’), the members of the Minor Counties Cricket Association (‘MCCA’), the MCCA itself and any other team, organisation, franchise or country taking part in an ECB Match or Competition.

‘Model Mark’ – means the trade mark, symbol or name used by the Manufacturer to describe a particular brand or range of products.

1.3 Insignia will be measured according to their geometric shape. To calculate the surface area, insignia may be divided into several geometric forms. Non-standard shapes will be measured as rectangles. All elements of the logo or design will be taken into account including borders and outlines.

1.4 Each County must submit to the ECB for formal approval by 31st January prior to the beginning of each cricket season designs for each garment to be worn on the playing field in that Cricket Season for both the First Class and Limited Overs competitions (shirts, sweaters, trousers and caps/sunhats). Designs should feature front and back of each garment and clearly detail all use and size of marks and other design features. Pantone colours should also be listed. Failure to have shirts approved for both the First Class and Limited Overs competitions will be regarded as a breach of these Regulations. Should kit sponsors not be finalised, kit designs must be submitted without sponsor marks, and resubmitted for approval when sponsors are confirmed. Counties may wish to submit pre-production samples of garments to the ECB for approval. In such instances, Counties must ensure there is sufficient lead time should any changes be required.

1.5 Each County must submit a sample of each garment worn by their team in that year to the ECB no later than 4 weeks preceding the commencement of the relevant
Competition for review by the Panel. The Panel will refer any breaches of these Regulations to the Cricket Discipline Commission together with a recommendation based on the severity and relative importance of the breach.

1.6 Regulations for the following year will be published by 30th June in the preceding year.

2 Offences

2.1 A Cricketer shall commit an offence under the Regulations if he fails to comply strictly with the criteria in relation to clothing and equipment included herein or otherwise wears clothing and/or uses equipment upon which insignia are displayed without the prior written consent of the ECB.

2.2 It shall also be an offence under the Regulations for any official or employee of a Member of the ECB (including a Cricketer) to assist, incite or encourage any Cricketer to commit a breach of Regulation 2.1 above.

2.3 A Cricketer (or an official or employee of a Member of the ECB in respect of any offence under Regulation 2.2) who commits any offence under any of the Regulations is liable to have disciplinary proceedings taken against him in which event the provisions of the Cricket Discipline Commission’s Regulations shall apply. The Cricket Discipline Commission shall be entitled to fine the County or side for which the relevant Cricketer in breach is registered or was otherwise playing at the time when the alleged offence was committed up to a maximum of £3,500 for the first offence and £31,000 for the second offence. For any subsequent offence or for flagrant breach of the Regulations the Cricket Discipline Commission may order such fines or take such other action as it thinks fit in accordance with the Discipline Regulations.
2.4 It is the responsibility of each Member of the ECB to ensure that its Cricketers’ clothing and/or equipment comply with the Regulations.

2.5 All insignia must be approved by the ECB prior to use.

3 Playing Uniform: Colour, Design and Other Features

3.1 First Class: The following are the Regulations applicable to the stated items of clothing for First Class matches:

3.1.1 Playing Shirts

Must be primarily white or ivory. Additional colour, design and other features are subject to the following restrictions:

a. Up to 2 additional colours may be used in small sections for contrast detail including piping, trim, topstitching or panel inserts only. Use of colour will be strictly limited and no large blocks of colour will be permitted.

b. Each shirt must include the players’ name and number on the back of the shirt. The ECB will determine the correct size, font style and positioning of the players’ name and number and if required, appoint a manufacturer to produce, supply and apply, numbers and letters to County’s own clothing. The colour of the name and number must be suitably contrasting with the base colour of the kit for maximum visibility. Each player must wear his own ‘named’ and ‘numbered’ playing shirt during a match.

c. For special occasions (e.g. commemorative or charity matches) additional allowances will be made for Counties to commemorate the occasion on the shirt. This will be on a strictly non-commercial basis and all such examples are to be approved in writing by ECB.
more than 2 weeks prior to the event (or within 24 hours after reaching the final in the event of the qualifying match being played less than 2 weeks prior to the Final). In addition, Counties may be able to commemorate achievements (such as winning events in prior years) subject to the full discretion and approval of the ECB.

d. The depiction of County names in bold letters across the front or back of shirts and sweaters is not permitted.

3.1.2 T-Shirts and Base Layer Garments
Must be plain white or ivory only.

3.1.3 Sweaters (Sleeveless and Long Sleeve)
Must be primarily white or ivory. The sweater must be a V-neck design. Where woollen knit sweaters are used, it will not be mandatory for Counties to affix the players’ name and number or replicate the exact design of the shirt.

Additional stripes in team colours are permitted to be carried around the wrist cuffs, waist and neck. Where other colour is used, this should mirror the design of the Playing Shirt.

3.1.4 Trousers
Must be primarily white or ivory. As per Playing Shirts, up to 2 additional colours (the same as those used on the playing shirt) may be used in small sections for contrast detail including piping, trim, topstitching or panel inserts only. Use of colour will be strictly limited and no large blocks of colour will be permitted.

3.1.5 Shoes and Boots

a. The playing shirts, sweaters and trousers shall be a predominantly dark colour. Light colours (white, ivory or any light colour which is likely to make the sighting of a white ball difficult) may be used for piping, trim or contrast panels but must not represent more than 10 per cent of the design.

b. The colours and design of the playing shirts, sweaters and trousers shall be uniform to all members of the team with the exception that shirt sleeves may be cut to any length longer than 15 inches/38.10 cm (measured from collar to end of sleeve on a large size shirt), as long as both sleeves are evenly trimmed and the edges are sewn and hemmed.

c. Trousers must be manufactured predominantly in one colour which constitutes more than 75% of the trousers. Secondary features such as piping, trim on the pocket insides and waistband are permitted.
d. Shirt designs must not affect, in any way, the delivery of the Clothing and Equipment Regulations or Event Sponsor Branding.

e. For shirts worn in the Royal London One-Day Cup and the Vitality Blast a collar is optional.

f. Shirt and sweater designs must be similar enough to ensure a consistency of presentation between those players wearing sweaters and those not.

g. Tonal design elements of a strictly non-commercial nature will be permitted. For clarity, this may include the County Mark (or elements of the County Mark) but not the Sponsor Mark or Manufacturer’s Mark.

h. Each shirt must include the players’ name and number on the back of the shirt. The ECB will determine the correct size, font style and positioning of the players’ name and number and if required, appoint a manufacturer to produce, supply and apply, numbers and letters to County’s own clothing. The colour of the name and number must be suitably contrasting with the base colour of the kit for maximum visibility. Each player must wear his own ‘named’ and ‘numbered’ playing shirt or sweater during a match.

i. For special occasions (e.g. Vitality Blast Final, commemorative or charity matches) additional allowances will be made for Counties to commemorate the occasion on the shirt. This will be on a strictly non-commercial basis and all such examples are to be approved in writing by ECB more than 2 weeks prior to the event (or within 24 hours after reaching the final in the event of the qualifying match being played less than 2 weeks prior to the Final). In addition, Counties may be able to commemorate achievements (such as winning events in prior years) subject to the full discretion and approval of the ECB.
j. The depiction of County names in bold letters across the front or back of shirts and sweaters is not permitted.

k. It is the intention of the ECB to preserve the colourway of the Umpires shirts and jackets to ensure stand-out on the field of play. The colourway for 2018 will be the same as 2017 and Counties will be requested to avoid similar colours and/or designs.

3.2.2 T-Shirts and Base Layer Garments

Where the undergarment is not visible under the playing shirt, no colour restrictions will apply. Where a long sleeve undergarment is worn under a short sleeve playing shirt, it must be such a colour as to match back to the relevant playing kit. This colour should be nominated by Counties in advance of the season and should be uniform to all members of the team. Light colours (white, ivory or any light colour which is likely to make the sighting of a white ball difficult) will not be permitted.

3.2.3 Shoes and Boots

A minimum of 70% of the shoe shall be white inclusive of tongue and laces. No restriction in colour for the remaining 30%. Alternatively the shoe/boot may be in the same colour as the playing kit.

3.2.4 Socks

May be white, light grey or match the principle colour of the county clothing.
